This is not my favorite of the Nitty Gritty series, but I love having a huge selection of ABM recipes. I would rate Rehberg's "Bread Machine Magic" books as superior, in general, but "The Bread Machine Cookbook III" gave me a delicious "Cranberry Orange Bread," page 76, "Anadama Bread", page 42, "Jalapeno Corn Bread", page 45, "Orange Ginger Bread", page 84, "Chocolate Chocolate Chip Bread", page 101, and "Poulsbo Bread", page 131. For those who want an ABM recipe for every possible inspiration, they'll need this volume!

I had lost this book. I have a new bread maker without having one for a few years. This has the white bread recipe I always used, though now I know what the name of it is I could have found it online, still happy I have the book again. The recipe I like and missed is HAITIAN BREAD. I like the little nutmeg in it, it makes great bread for grilled cheese sandwiches.

This is an AWESOME cookbook, I love the way the recipes are listed in the book, very easy to follow. The ingredients are listed in order to how they should be placed in the machine, there are

instruction for 1, 1/2, and 2 lb loaves. The print is large which also makes the recipes easy to follow. I own her whole series of BM cookbooks because I like them so much!! Great variety also--if I have a certain ingredient that I want to use up in my cupboard, 9 times out of 10 I can find a recipe for bread that I can use it in!! Can't say enough good things about this cookbook!!

How can you not love a book that makes your house smell soooooo good. A lot of different recipes with different ingredients. It nice to have home made bread in the house. I have the 1st and 2nd books and have worn out the cream cheese and sour cream bread recipes.

I started out with books II V and VI. I enjoyed them so much I ordered this book, III. It fits in nicely with the rest of the set and I have no problem following the recipes.

this is the second time I have bought this breadbook. Wore the other one out and needed to replace it
