This book is really nice. It gives recipes, fitness tips, relaxation ideas, and skin and beauty care - not just for women but for men also. The pictures are excellent. The paper the book is made out of is the silky type of paper which is very nice. I have been watching this soap opera for many years and other Days of Lives fans would love this book.

I have been a Days of Our Lives fan for decades. This is an excellent pictorial of some of my all-time favorite actors' and actresses' personal tips for a healthier, balanced life. The photography is fantastic. This would make an excellent Christmas gift to give to other DAYS fans. This is a definite keepsake.

This book is so well written. All those characters you watch daily on "Days of Our Life" have another side which takes you beyond their characters. Gives you the opportunity to see what they enjoy when they are not on your TV; recipes, exercise, daily life. It affords you the opportunity to enjoy the villains, heroes and thugs alike in their "real life". I can assure you, it brings you up close and personal with those characters who are your daily shows. The book is thick and the recipes are simple yet makes you want to get into the kitchen. This one you need to purchase, you will not be sorry.

WHAT a great book for the DAYS fan. THIS book is filled with recipes and life ideas from the STARS of DAYS OF OUR LIVES.

Boring beyond boring. I have always been a DOOL fan and thought this book would be cute to have. If you are a DIE HARD fan, meaning you have to have every DOOL thing out there than this is for you. But this pretty much says I'm so and so and I do this, I wear this, I walk like this, I do this on the side, I drink water, I eat popcorn, I eat strawberries or my hobbies are this, etc. Honestly, I was expecting perhaps a book full of recipes from each of the actors and maybe some tips, but this was a complete waste of money. There are about 31 recipes out of 307 pages and some of them are smoothies and a simple protein shake with protein powder. On top of that telling you to moisturize, less makeup is better, etc. Just plain boring. Maybe I was expecting too much?

I love the book. I went to the book signing event in Framingham MA. I met Kristian Alfonso, Lauren Koslow, Camila Banus, Freddie Smith, James Scott and Greg Vaughan. It is a very inspiring book to living a healthier lifestyle. The eye candy is awesome!!!

I bought this for my mom. She loves it. She's already tried two recipes and read it from cover to cover. It's an awesome book for any Days of Our Lives soap fan.

I have been a Days of Our Lives fan for years and when I saw this book I had to have it! The book has fantastic pictures of the cast. It is fun to read about their own personal lives, such as work out routines, healthy recipes, and fashion tips. The only disappointing thing that I can think of to say is that there is not a whole lot to read on each page. But that's ok, it is still very worth the money spent !
