The Cast Iron Skillet Cookbook: A Tantalizing Collection Of Over 200 Delicious Recipes For Every Kitchen

Synopsis

A tantalizing collection of over 250 recipes tailor-made for the ultimate cooking tool: a cast iron skillet. Complete with gorgeous, full-color photographs and a wide range of recipes covering breakfast, lunch, dinner, and everything in between (even decadent desserts!), this definitive cast iron skillet cookbook is a must-have. While the broad variety of original recipes will appeal to seasoned chefs, chapters dedicated to the care and keeping of your cast iron skillet make this cookbook perfect for newcomers to this booming culinary trend, as do the easy to follow step-by-step recipes.

I like the recipes and each one has a great picture that shows you what the dish looks like. With a few exceptions there aren't any very special, high priced ingredients that make preparing a recipe a chore. The reason for the loss of a star is because she doesn't recommend a pan size for her recipes. Sometimes it doesn't make a difference but making a Frittata or a cake in an 8" pan versus a 12" makes a real difference. I would have liked her to at least suggest a size. Even better would have been if she has said up front that all recipe's use a X" pan unless otherwise stated and then told how to adjust in case you don't have that size pan.

I'm new to cast-iron cooking, and this is the perfect cookbook for me -- with care and keeping instructions in the beginning (I had no idea that there were specific rules for how to clean and season your skillet, so I really appreciated how clearly the author outlined those instructions right up

front), and clear, straight-forward instructions, this cookbook is as user-friendly as it is beautiful. I love that there are recipes for breads and pastries, too -- who knew you could make those in a cast-iron skillet? There's a big variety of recipes, from expected classics to unexpected dishes like naan, so there's really something for everyone. There are beautiful food photos on almost every page, which makes this a really attractive cookbook to give as a gift. Highly recommend!

Most of the recipes are easy to try. Haven't tried all of them but did couple. None of them turned into bad. Even I'm not native, it's easy to understand and follow. Explanatory information at the beginning is very useful. I like cookbooks, going through it from time to time, see some good recipes I can try. That book is good one for others like me. If you love cast iron, that book has couple good recipes.

Bought as a gift, but I looked through it. Lots of recipes one would actually make with ingredients easy to find. Any person who cooks with cast iron or wants to start will love this book.

Bought this cookbook at a little store when on vacation in South Dakota. Love it! The pictures are great! And, I have cooked several of the dishes, and all are very good! Love it!

great cooking always wanted it love it

Good recipes, good instructions. Nice addition to a cookbook library. Whether you are a novice cast iron cookware user or an experienced one, this has information useful to both.

This is the best cast iron book I have! Very thorough, but beautiful pictures and the recipes are awesome!!! My only gripe would be that the size of the skillet used isn't listed.
