I love the recipes in this book. They are all easy and use common ingredients. There are tons of good ideas in here. It's not just for Minnesotans either, anyone would like these recipes. I originally picked this up from my local state park and the attendant there had purchased it also. She told me she loved it as well. I then came to to pick this up for a pregnant friend since I knew the recipes were easy to make.

This cook book made me want to move to Minnesota - a beautiful state where my granddaughter is now going to college. That fact spurred my interest in upper midwest cuisine but these recipes made me want to go there and stay awhile! And eat a lot! A good collection I'd recommend to anyone still making casseroles. Chicken, beef, pork, seafood, eggs and desserts, this book is full of wonderful recipes. Easy to follow, with ingredients that are found in most cupboards. I found the chicken recipes I wanted, and was so easy to fix.

I was born and raised in MN and was thrilled when I found this cookbook on , now I wish I had never ordered it! The recipes I have made so far have been a HUGE disappointment, and will never be made again. After reading other reviews, I expected so much more from this book!
