How To Tell If Your Cat Is Plotting To Kill You (The Oatmeal)

Synopsis

TheOatmeal.comâ ™s most popular cat jokes, including â œHow to Pet a Kittyâ • and â œThe Bobcats,â • plus 15 new and never-before-seen catthemed comics, are presented in this hilarious collection from New York Times best-selling author Matthew Inman, a.k.a. TheOatmeal.com. Includes pull-out poster!Jesus Rollerblading Christ--another helping of TheOatmeal! Mrow, MOAR kitty comics. Mr. Oats delivers a sidesplitting serving of cat humor in his new book, How to Tell If Your Cat Is Plotting to Kill You.If your cat is kneading you, that's not a sign of affection. Your cat is actually checking your internal organs for weakness. If your cat brings you a dead animal, this isn't a gift. It's a warning. How to Tell If Your Cat Is Plotting to Kill You is a hilarious, brilliant offering of comics, facts, and instructional guides about crazy cat behaviors from the creative wonderland at TheOatmeal.com.How to Tell If Your Cat Is Plotting to Kill You presents fan favorites, such as "Cat vs. Internet," "How to Pet a Kitty," and "The Bobcats," plus 17 brand-new, never-before-seen cat-themed comic strips. This Oatmeal collection is a must-have for cat-lovers from Mr. Oats! A pullout poster is included at the back of the book.

Home > Pets & Animal Care > Cats #10 in Books > Humor & Entertainment > Humor > Cats,

Dogs & Animals #26 in Books > Humor & Entertainment > Humor > Love, Sex & Marriage

Customer Reviews

Luckily my copy of the book arrived in a plain brown wrapper, or else Fluffy would have surely destroyed it before I came home. I took it into the bathroom and locked the door behind me. As the Oatmeal revealed the details of her insidious plot, she was sticking her sharp clawed feet through the crack under the locked door like a kitty reenactment of The Shining. I hid the book under my

shirt when I left the bathroom although I could tell she was suspicious because she wove through my legs trying to trip me up so I would drop it and show my hand. Thanks to the Oatmeal, I now know the truth. She knows that I know that she knows that I know. She is watching me. I am waiting for her next move. It's like a game. Like a game of what?... yes, cat and mouse, my friend. Only this time she is playing for keeps.

Since there are other reviews based solely on device-specific criticism and not on the content, I figured it'd be logical to write a positive review in the same way. The paper edition seems to work natively without any apps. The right combination of gravity and friction make for a steady reading experience in my hands. In space (or any zero-G environment) I might not even have to hold the book! I'd probably hold the book anyway; it'd be strange reading a floating book. Sadly, the print version doesn't seem to work well in the dark, but hindsight is 20/20. Since it functions well enough in sunlight or under artificial light, I didn't negate four stars. Inman & co: please think ahead for the next version. Glow-in-the-dark pages are a must.

I read my copy about 20 minutes after it was delivered this morning. Then I read the second copy I purchased for a friend about an hour after that, just so I could say I was the first to read his copy. I'll always have that... Also, the damn thing was funny.

I have never written an review before (as you will see, for good reason). However the negative reviews of this book are amazeballs. Either people are 1)having technical issues with the e-book 2)have never read Matthew Inman's online comics or 3) didn't look at the book's description before buying it (and expecting it to be like his first book). Addressing each of these:1) When MS Works doesn't work on your Windows 98 PC, do you blame the writer? Oh yeah, you are the person holding your mouse upside down and calling the support desk to come down to fix it.2) Do your homework man! If the title didn't give you a heads up that this book is a bit effed up, then reading Matthew's online content would surely give you an indication of what you're in for. If you don't like profanity and you read /bought this book...only you are to blame for not having enough media literacy to make a good decision about your purchase.3) Read the author's webpage for this book (won't let me post it here). It very clearly describes a book ALL ABOUT CATS. Additionally, when do you expect an author's book to be exactly like his/her last book? Ok...except for Cormac Mccarthy.Ok...if you've gotten this far in my stupid little rant, here's my psuedo review. If you like The Oatmeal, you are a crazy cat person that knows you are a crazy cat person (and/or simply

enjoy laughing at crazy cat people), and you realize you should buy the actual physical/paper copy of graphic content (most of which is available online for free, but you like supporting artists and their awesome works), then stop reading my crappy review and go buy this book. If not, stop reading my crappy review and use the comments to tell me how dumb this review is. In conclusion, The Oatmeal is nothing if not pure genius. If you don't get that, you should really question the value of your life.

The book itself is fairly humorous, especially if you enjoy the sense of humor employed by The Oatmeal. I was going to purchase this as a gift for my mother (as something of a joke, as she contracted cat scratch disease [a.k.a. cat scratch fever, which is apparently more than just a Ted Nugent song]), however I decided to read it prior to giving it to her. This turned out to be a good idea, as I found that many of the jokes were ones you may not want to tell your mother. To wrap this all up: good for you, bad for mom.

Just cracked open the .com box and pulled out my copy. If you like The Oatmeal, you will LOVE this -- my sides hurt from laughing!

I pre-ordered 3 of these books about 1 week before it was released. Matthew Inman is a pure genius when it comes to writing comics and telling it like it is. He is not afraid to speak his mind. I love how politically incorrect he is.I got 2 extras so I can provide offensive gifts to friends... (Am I a good friend or what??) We seem to live in a world that whipped and everyone seems to get offended at one thing or another. This book is filled with wonderful offensive material that will be sure to ruffle the feathers of the sensitive types out there. So if you are weak minded and get offended by comics that talk about cat poop, animals that lick their testicles, gay cats, and howitzers... this book is not for you. Better yet when I pre-ordered the books they were \$8.98 each, but the price went down 18 cents so I was refunded 54 cents, how awesome is that? The pull out poster is hanging in my kitties room above their litter box, so they can study it for future attack methods.

Unlike his last book, this one focuses mainly on cat-related material, giving this one a central theme unlike How to Punch a Dolphin in the Mouth. I liked the variety of material, inclusion of all the BobCats stuff, as well as some stuff I haven't seen before. The printing is high-quality and glossy, and it's a really good experience to hold the physical book in your hands. Well done!
