# The Collectors Encyclopedia Of Roseville Pottery

## Synopsis

Roseville Pottery has long been considered the essential reference for collectors., This classic book and its companion volume have now been heavily revised and updated to more accurately represent today's market activity. Shape numbers and original company information have been added and the pricing structure has been extensively elaborated, giving not only values for items pictured, but also for all colors and sizes for each known style and shape. The informative text has been expanded, bringing insight and background that have come to light since 1976. Almost 150 color photos and over 60 vintage advertisements and catalog pages showcase the more than 800 pieces, providing detailed visual identification along with essential information such as size, shape numbers, glazes, and marks. Special sections on factory marks and artist signatures combined with a useful index make this the ultimate reference for collectors. 2003 values. --This text refers to an out of print or unavailable edition of this title.

## Customer Reviews

The Huxfords are wonderful authors that have offered, collectors of Roseville Art Pottery, a basic foundation for identifying various Roseville lines. No one author [I personally author a mid-year price guide]has all the answers, but each of us attempt to add to the ongoing data base. The Huxford volumes are an essential tool for Roseville collectors and Dealers.

Gave this book as a gift, along with a piece of Roseville pottery, to a dear friend. She loves the book -- it has lots of information for someone just starting out collecting. Lovely pictures for the most part. There are so many books about Roseville that it would be great to buy them all but this one is good for the price; I didn't get it to give her actual values for my gift, and the book is a bit old so prices provided are not current. But if you like to admire lovely works of pottery, this is a lovely coffee table book.

If you are interested in Roseville Pottery this series of books can give you the information you need to review selections for consideration. Dollar values are included with great pictures. Easy to find items. You really need the complete series to evaluate the majority of pieces you may find.

THIS IS WHAT I CALL A "COFFEE TABLE" BOOK THAT I PURCHASED FROM ON ROSEVILLE POTTERY. THE BOOK WAS IN EXCELLANT CONDITION, LOADED WITH BEAUTIFUL COLOR PHOTOGRAPHS, AND GREAT DESCRIPTIVE TEXT.I PURCHASED THIS EXTREMELY ECONOMICAL BOOK FOR RESALE AT AN ANTIQUE AUCTION.IT BROUGHT 6 TIMES WHAT I PAID FOR THE BOOK AND FREIGHT.NEEDLESS TO SAY I AM VERY HAPPY WITH MY PURCHASE OF THE COLLECTORS ENCYCLOPEDIA OF ROSEVILLE POTTERY FROM .IF YOU ARE A COLLECTOR OF ROSEVILLE POTTERY I HIGHLY RECCOMEND THIS BOOK.RGO33062

This is a well organized reference to Roseville Pottery. It contains a history of Roseville Pottery; this added knowledge adds to the fun of collecting and allow you to sound more like you know what you are doing. Then there are pages on the different "marks" of the pottery. There is a dated value guide. But I find it easier to do my own comparing.The big plus is the color pictures that show what is available. For those discriminate people that do not just buy anything that says Roseville Pottery there is an index. It is also fun to see you Roseville Pottery pieces in the book.

I really didn't get much out of this book that I didn't already find by doing different internet searches but it was a little helpful.
