I am a huge Tartar Sauce/Grumpy Cat fan so naturally I had to have this book. It is basically a compilation of Grumpy Cat memes that you see all over the internet with a few basic activities such as cross word puzzles and connect the dots. The book also features a couple images of Pokey, Dog and Cactus. If I would have had the opportunity to flip through the book at a book store, I would not have purchased the book simply for the lack of diversity in the images. There are tons of images out there of Grumpy Cat, but this book features the same two on every other page, but with a different caption. I was hoping for a more diverse collection of images.

I didn't know what to expect when I ordered this, but I'm a fan of Grumpy Cat so I figured why not. Well, it had me roaring with laughter as I flipped through the pages. I shared it with others and got the same reaction. A cute book with great Grumpy Cat photos and sayings. If you are having a bad day, flip through this and you will no doubt cheer up. Highly recommended, and I say that with a grumpy smile on my face!!!

Amusing and totally in character, Tarder Sauce is at her grumpy best. The illustrations are well put-together and contribute greatly to the whole. The activities are a hoot. I quite enjoyed it.

I love it. It's hard not to be grumpy when going through this book. Grumpy Cat let's us in on her life, the things that make her grumpy and gives us advice on how to stay grumpy. For those expecting more activities and something, you obviously don't know Grumpy Cat. Games have winners, their are no winners in the real world, just losers. Thanks for keeping it real GC. Love.

The author has a bad attitude, and it shows. This book is awful. Which means it's great. But it's awful.

Someone commented earlier that this was just a compilation of what was already all over the Internet, but that is not true. I thought that's what it might be, and didn't care, but most of what was in the book were things I'd never seen before, and I thought I'd seen them all. In fact, my first thought was that I was happy the owners decided to save some of the best Grumpys for the book. This book made me laugh out loud many times, so in Grumpy-speak, "It was AWFUL!" So awful, in fact, I'm hoping they decide to write a series. And thanks to the writers or publisher that decided to make it a hardcover. As a bibliophile, I am always appreciative of a good hardcover book as opposed to soft cover or paperback varieties. I am awfully happy to be adding this one to my collection.

It's a fun book. I always loved "Tarder Sauce" and her attitude. The book has her history, memes, games and a "how to" develop a bad attitude. :)

This book is a lighthearted, fun romp through the mind of my favorite internet cat. It's not meant to be taken seriously and flipping through it brings a complete smile to my face. I am a complete fan of Tardcat though and could not be happier to have this sitting on my bookshelf.
