Here's a humorous recipe book for cocktails with a movie theme. I enjoyed how the author tried to match the ingredients of each drink to the movie's storyline. A great gift for drinking & movie watching buddies.

A brilliant book! A lightly textured and beautifully designed cover is opened to reveal cleverly titled drink puns and darling sketches. Each introduction includes a short overview of the featured film, as well as descriptions of glassware, equipment, techniques and different types of alcohol. The drink-making instructions are detailed and there is even a short section on snacks and drinking games! We have yet to mix any of the drinks, but many - such as the Taxi Screw-Driver - look and

sound delicious. This book is an excellent gift for any cinephile or cocktail enthusiast, and it is a fun companion to Tequila Mockingbird.

I bought Tim Federle's first book, Tequila Mockingbird, and I was thrilled to know there was another! I love books, music, and movies, so this book was right up my alley. I loved the comparisons to the movies and the nice little summaries how each cocktail relates to the film. This is a must have for a movie night with friends. I cannot wait to use this for the next party. Some of my favorites are Sloppy in Seattle, since Sleepless in Seattle on of my favorite movies. This is neat since it is divided into film genres and even food recipes. This book is simply fun to read and amazing to have for your collection!

Arrived on time. Its really a cute gift- something to give during the holidays and a great stocking stuffers. During the oscars we are definitely going to try some of the recipes- pretty basic recipes too.

I absolutely love this book, along with the Tequila Mockingbird cocktail book, which I purchased earlier. So cleverly written....and the drinks are good too! Haven't had a bad one yet. They are both "must-haves" for anyone who is a film buff and/or who has a literary bent.....AND who likes a nice cocktail! They make great gifts too.

Clever, well written, and interesting cocktails for the movie buff in your life! Found the original (Tequila Mockingbird) in my local bookshop and had to get the companion. I love that he includes non-alcoholic themed drinks as well. Great for a movie night!

Just when I thought I couldn't laugh any harder (or be any woozier), along comes number three of Tim Federle's brilliantly funny cocktail books. Tequila Mockingbird, first in the series, and a 2013 Goodreads Choice Winner, was my first introduction to Tim's oh-so-clever marriage of drinks and literary classics. Then followed Hickory Daiquiri Dock, a board book of puny drinks for new parents which humorously redefines my childhood nursery rhyme favorites. And now, just in time for Christmas gifts (my friends adore Tim's books!), Gone with the Gin hits the shelves. I am smitten by the book's caricature cover of Clark Gable and Vivien Leigh and even more entranced by the smart movie drinks (and food recipes) contained within. All of my old and new favorites films are here, and I drink to them, Tim, and Netflix. This book will take me (and you) all the way to the Oscars and

beyond! Run, don't walk, to buy it today. Tim is this generation's master punster and humorist.

Regular readers of my reviews might be a little surprised that I have read GONE WITH THE GIN by author Tim Federle----but you really shouldn't be. It's a great book that shares some information about popular films that I had never read about before along with some cocktails that are sure to have the reader buzzing. This book was really a pleasant surprise for me, because it allows you to not just remember some great films from over the past decades but explain the Federle's ability to create drink recipes around them. This was my first book of his to read, but I have to say it has definitely made me curious about the others----and I will be trying a few of the recipes in this book...in the comfort and safety of my own home of course. If you are looking for something to spice up your book discussion or just your gathering with friends I think you will find something in GONE WITH THE GIN to satisfy you.
