Customer Reviews

I love this author's sense of humor and style, but most of all his book are no-nonsense and contain no fluff - just THE GOOD STUFF!! In this book he shares recipes that use a rice cooker to make a lot of other stuff other than rice which is really creative, especially for grains like quinoa which we love! We even tried the risotto and were amazed at how the rice cooker made have just the perfect consistency. I love frittata and was a bit skeptical about cooking it in a rice cooker, but again - it worked beautifully. Finally - the PEPPERMINT TRUFFLES - Really? Oh My God! Heavenly! All in all the recipes are good, the technique is amazing and this is another awesome book from Dexter's kitchen. Well done!

I love rice and I try to have it with my meals several times a week. So I was delighted to find this book for Recipe Junkies on Rice. This means that now I can serve many different kinds of meals with rice for my family. This book is chocked full of very appetizing recipes. I tried the Shrimp with lemon risotto recipe and it was delicious. I can't wait to try some more of all those yummy recipes. I would recommend this book to anyone who love to eat rice.

Shrimp with lemon risotto,seafood steamer rice and so much more of the recipe that really brings you pride in your kitchen are all in this book.So much of a healthy,delicious meal.This is the book you are looking for if you want a new food recipes that serves in your dining table.Your family will surely love the meals you serve.The preparation and the ingredients are too easy to be done and easy to be found in the nearby market.This is good for the whole family and every gatherings.Purchase this book if you want to pamper yourself with comfort foods and serious meal that provide good nutrition.

Another packed collection of awesome rice recipes from my favorite Kindle culinary author Dexter Poin. It's so easy to make a lot of rice for the week and then cook different meals using this book. Beats searching down recipes on line or using crusty old cookbooks. Awesome!

Dexter Poin teaches us in this rice recipe manual to never underestimate the power of rice. Simple, plain ole rice we have always taken for granted and frequently appreciate it when we have it in different ways whenever we eat out, not knowing that all these delightfully delicious meals can be prepared right in our own home. Treat your family to something different this season, try rice in a variety of tasteful different dishes and tell us your favourite. Rice cookers & lovers will clammer this one. Al-Khemet Book Club, JUN 2015

I just got a rice cooker not that long ago and picked up this new recipe book to add to my collection. It's filled with easy and tasty recipes. If you're health conscious, there are plenty of recipes for you as well. Can't beat this price. I have bought several cookbooks by author Poin and looking forward to whatever he has coming up next!
