Series: Design Originals (Book 3512)

Paperback: 16 pages

Publisher: Fox Chapel Publishing (August 15, 2013)

Language: English

ISBN-10: 157421389X

ISBN-13: 978-1574213898

Product Dimensions: 6.5 x 0.3 x 10.9 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (25 customer reviews)

Best Sellers Rank: #410,587 in Books (See Top 100 in Books) #49 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Dye](#) #423 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Decorating](#)

Customer Reviews

I bought what was supposed to be an informative, original ideas how to book, which it was. Except all the material, and more, is available for free, with on line videos, from dharma.com. To the authors credit they mention dharma.com as a supplier for dyes and shirts. They just don't mention the dozens of free videos also freely available, with better instructions. The China printed book is at most a garage sale item at a quarter or fifty cents. If there was one or two popular projects that were "secret" the cost would be worth it, but not only was it lacking that, which projects it did list were rehashed from the sixties.

I purchase this for my daughter in law, who loves to tie dye. She has already made one of the shirts from the book (the watermelon), and she has her eyes on several others. This was an Easter gift, and she was so excited to receive it. I was very please with this purchase!!

I haven't tried making anything from the book but I read through it and the techniques were spelled out very well. The pictures in the book were great and I would say inspiring. I can't wait to give it a try. I made a tie-dye shirt many many years ago and I wore it out. I loved it but it didn't hold a candle

to the lovely shirts in the book. I wish I had this book way back then. I am so glad I got it, it's not a big book but a good price for all the information and pictures it has. In my opinion, this is a great buy.

Tie-Dye 101: How to Make Over 20 Fabulous Patterns (Design Originals) Very easy to follow instructions for different designs ... I was hoping for more though. It is more like a pamphlet than a book

Good photos and instructions. Shows the steps, ingredients, and how to prepare items very well. Loved the shibori, star, and flag folding techniques, the other designs are a bit bland, and simplistic, but it is well worth buying.

great book it had all three designs that I was looking for and very detailed instruction plus a couple designs I had not seen and all shirts turned out better than I was hoping for. The secret is to soak the shirts in soda ash

For those who cannot use the Internet, or children. Did not have 20 designs and had less than 15 pages..

If you've never, ever done tie dye before, you'll probably find this useful, otherwise, don't expect to learn any earthshattering tricks or tips from this one. I learned the vast majority of what this book contains from asking a few questions of the craft staff at the YMCA of the Rockies. Looks like I'll have to invest in the comprehensive video series on the same subject. Or perhaps Santa will bring it because I have been soooooo very good this year. PS-Seller was awesome. I received it in no time flat. Thanks!!
