# Sugar Orchids For Cakes (Sugarcraft And Cakes For All Occasions)

## Synopsis

Exotic, beautiful, delicate orchids capture the imagination and provide simple style. Inspired by the wide range of blooms now available, three sugarcraft experts now show you how to recreate these lovely, ethereal flowers as cake decorations. Celebrating the diversity of orchids from around the world, the flowers vary from vibrant red to subtle pink and the most striking pure white. Familiar favorites are combined with unusual, lesser known orchid varieties to provide a wealth of choice for every occasion. Inside this cake decorating book are over 20 projects that provide ideas for sprays, bouquets, pots, and table arrangements. The orchids decorate a range of celebration cakes from the traditional and contemporary wedding cakes to christening cakes, anniversary cakes and seasonal projects, such as Christmas and springtime. Complementary blooms, such as lace-cap hydrangea, spiky leucadendron, Mexican blue flower, glorious passionflower and pink gaura flowers, are included to enhance the orchid displays. Sugar Orchids for Cakes is a stunning book with beautiful images and clear detailed instructions, making it a must-have for all sugar flower makers looking for up-to-the-minute ideas on creating and displaying fashionable orchids. Cake recipes and Orchids include: Star of Bethlehem Cake with Star of Bethlehem Orchids Oriental Delight Cake with Bamboo Orchids and Hydrangeas Sunburst Splendor Cake with Comparettia Speciosa Orchids and Passionflower Tropical Scent Cake with Vanilla Orchids

## Customer Reviews

I'm a great Alan Dunn fan, as his books never disappoint. Not only is he a great demonstrator, his

books (this one is no exception) provide superb step-by-step instructions with great illustrations. Whether I'm looking for inspiration on design, or how-to instructions, I turn to one of two authors - Alan Dunn is one of them. I like the way he structures his books logically. This one covers the subject of orchids, and it's the logical place to look if you want to know how to construct just about any variety you can think of!

Book contains so many different orchids that I haven't seen in real life so it's nice. Also has a couple of roses. Back of book also have templates. List of equipments and materials has page or template reference which is very helpful. Photos aren't step by step as I'd hope, doesn't have pictures next to written instructions. Pictures are laid out across middle of book with instructions on top and lower part of book. Looks a bit too advance for me but with a bit of practice, I'm sure it'll make me look like a pro. :)

Only if you've already done some elementary courses about sugar flowers, otherwise this book is difficult for you. Have pictures showing the appearance of how the flowers are done but the description is not as straight forward. Ideas are good though!

I love the pictures and the explanations but the book is not for beginners. It doesn't have the "how to" photos which I feel are important if you're a beginner. You have to have some knowledge of flower making to be able to follow the instructins on this book.

Excellent Book, very good price and fast delivery thanksthis Book is a great Source for sugar Craft that wants to learn make an extraordinary GUMPASTE orchids. Allan Dunn is my favorite Author, his Creations looks Like real. Very satisfied

the book sugar orchids is complete, the orchids look like real, is very n ice thank yuo for showing how i can made this beautifull flowers

This book shows great detail in the process of making the flowers. I also like the flower arrangements, either for cakes or vases.

Beautiful orchids! I love the colors and variety of orchids presented in this book. Looking forward to making more of them.
