Customer Reviews

While we fans of Tasha Tudor (a loyal group, to say the very least) await ANY new book about Tasha, it is with mixed feelings that so many of us view this book. You will note it is written by Harry Davis, and as most of Tasha's fans have heard through various grapevines, Mr. Davis and Ms. Tudor had a not so nice parting of the ways, and rumor has it that Ms. Tudor did not sanction this book. So, while we want to know more, read more, see more about a woman who's art and life we hold in high esteem, we are mixed because we don't want anyone who might be a scoundrel to exploit our dear Tasha! I have seen the book and it is charming, the photos are delightful, especially the one of Tasha serving up her live pet parrot, Hannah, as Christmas dinner (it's a trick folks, don't panic). We Tasha fans never tire of anything new (to us) about this woman we respect, admire and try to emulate in our own personal way to live a fuller, more simple life. Ms. Tudor is 85 and most of

us can not do in a month what she does in a day! We love her illustrations, we keep her books and pass them on to our children and grandchildren (well, we let them look at them, but we usually won't give them up!). We are in awe of her multi-faceted talents--her art, gardens to die for, spinning, weaving, keeping goats, and of course, those delightful Corgi dogs! We want this book. But, loyal as we are, we worry that we could contribute to some unhappiness for our beloved Tasha Tudor. Many women today have no Elder or Wise Women to pass down aspects of living that seem lost in this overly hectic world. We don't want to live in the grips of cell phones and palm pilots at the expense of creativity and connections to the earth and to each other. Tasha reminds us. She shows us. She gives us a kind of permission to hold on to, or bring back, the "olden" things, and it is these that anchor us. We want as much of her as we can get without barging in on her actual property! And we don't want anyone to do anything to hurt her.

a wonderful book to learn of all the christmas joys of tasha tudor. many other christmas books are unavailable because of price etc. i loved reading about the snow lanterns, the raven on her christmas tree and why she has it there, and the advent wreath and the beautiful red ribbons from her mothers wedding. i will surely this year have a raven on my tree just below the star and red ribbon on my advent wreath. beautiful illustrations which i like better than the photographs. wonderful thought for a wonderful christmas if you get in the spirit from this book. take joy!!!!

This book gives a look at the Tudor household Christmas traditions. It somewhat follows the video or DVD "Take Peace," which is also about Christmas at Tasha Tudor's house. Written by Tasha's former business partner, but still a book Tasha Tudor fans would want to add to their bookshelves.

I have almost all of the books that show Tasha Tudor's world, and this is the only one that was not all I expected. I would have loved to learn more of "how" she does things, not just to read about them.

Since I love everything by Tasha I was so happy to find this book. I felt as though I was there with her. Since I live in New England I can relate to the weather, the coziness of being inside doing something fun like the making of cookies, cakes, wreaths, etc. I will refer to this book many times as I do to the others of hers that I have. I wish I had known her.

The artwork, stories, photos & Christmas traditions are marvelous. The recipe for rustic Christmas

decoration-cookies is fun but remember--it's not edible.it's filled with old-fashioned Christmas celebrations that may bring back memories or inspire you to create new memories and traditions.

This is a lovely book. After borrowing one from the library, I finally have my own copy. The service was great and the book was in much better condition than I expected.

This is one of my favorite Tasha Tudor books. I bought this one for a friend and am going to purchase another one for my sister for her birthday. Great pictures.
