Creating Ribbon Flowers: The Nicholas Kniel Approach To Design, Style, Technique & Inspiration

Synopsis

Master the art of ribbon flowers! Nicholas Kniel and Timothy Wright teach their method of creating gorgeous ribbon flowers in this collection of illustrated, step-by-step lessons. With only a few yards of ribbon, you can make the perfect embellishment for any garment, home decor item, wedding party and more. 33 flowers provide a wide range of options for any craft or sewing project. 9 project ideas inspire you to create popular ribbon flower items, such as corsages, boutonnieres, French bulletin boards, bouquets and hair pins, or to design your very own creations. 10 techniques describe how to prepare ribbons for use and how to finish the final flower with clips, pins and stems.

Book Information

Paperback: 128 pages

Publisher: KP Craft (December 24, 2013)

Language: English

ISBN-10: 1440236585

ISBN-13: 978-1440236587

Product Dimensions: 8.2 x 0.8 x 10.9 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (22 customer reviews)

Customer Reviews

The Oct 2005 version (reds against black cover), by comparison to this revision, is a copy of a personal work-book. The 2005 book has hand-sketches and a few personal tips. Most of the 2013 book text is identical. The edits have the tone of a thoughtful revision. The photography is brighter & updated, the page layout polished, and helpful step-by-step visuals such as adding a pin, stem or clip. Techniques such as crinkle, crimp, fray or pleat are pictured. The anemone, daffodil, fuschia and a couple lilies have disappeared and are replaced with idea inducing pictures. Both revisions are titled "flowers", however both contain the ambitious cockade and medallion. The 2005 version is charming, but I will use the new book and prefer the current pictures & colors. This a use-able how to book, beautiful and affordable. The UK version features the cockade on the cover and is available through Nicholas' web site.

This is a beautiful book with color photos of every project that can be easily followed, clear, step by step instructions, and suggestions for alternative projects. It is not as large as I expected and I wish the author had included more alternative project ideas. But I am happy with the book and look forward to creating some of the projects.

Lovely flowers, but the directions are incomprehensible. The drawings actually make it worse. Cannot follow this at all. Very pretty, though.

This book is full of beautiful flowers . I haven't tried to make one yet but I am sure I can, because the instructions are very good.

Beautiful photography, clear and detailed instructions, perfect samples that invite you to try a hand on making ribbon flowers.

Some wonderful projects that are clearly described. Good steps to making all the flowers in the book.

Wonderful book. Has a little bit of everything. Easy to understand instructions, great pictures.

This is a nice book, and the instructions are clear and easy to understand along with the photos.
