Coloring Book Series Celebrating  
Foods, Snacks & Treats (Coloring  
Books, Foods, ... Series Of Adult  
Coloring Books) (Volume 7)**

## Synopsis

(AGES 1 to 100) #Food Coloring Book is for every single person out there who can't find pens, pencils, markers or crayons! (+ 12 Bonus Pages) One of the most enchanting, most innovative Coloring Book Artists in the world, Cynthia Van Edwards has done it again. In this incredible new Coloring book, the 7th in the 'Series' series, you will get to work with images and illustrations that look and feel 3-dimensional. The new coloring pages in this focus on the basic concept of Mandalas, but with much more involved. What makes this book especially different from other books in the 'Series' is that Cynthia focuses on various Foods, Food patterns and variations on that theme. It's much more than just a book of squiggly lines, and many of the designs are quite complex and will create hours of calm and creativity. #Food celebrates symmetry and texture as many of the designs are on textured surfaces and 3-dimensional plaques. We really think you'll enjoy this book and we look forward to seeing what you're made of! #Food Coloring Book This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We hope to give the designer (you) a very introspective and mind expanding experience. PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARDS' Facebook page, add the hashtag #FoodColoringBook to your post.

## Customer Reviews

This is the seventh book in Cynthia's # series and is full of different pictures of foods that you can color. Now that in itself is a big difference from a lot of the books that are out there. Normally you will get something that has cute animals, mandalas, houses or flowers. This one is just something fun and fanciful to sit down with.

I really like this book. It's a change in style from Cynthia's other books. It's very simple basic book. There is not a single "complicated" picture in this book. It has lots of free pages from her other books in the #series. This book is great for all ages and all levels of coloring skill. I look forward to her other books in this style. I did however not enjoy that the black smears really easy when trying to blend my colors and lines.

I am lucky enough to be on Cynthia Van Edwards color team and I get advance pages to color before books are launched. This one in the amazing # series is one of my favorites for sure! #food is super fun to color and in my opinion has very simple designs perfect for the most basic or advanced colorist alike! A winner for sure!

I am lucky to be on a team with others that receive pages of #CynthiaVanEdwards work when the book is released. I love how the pictures come alive while you are colouring them and how they relate to your life. Cynthia Van Edwards is a talented person and I look forward to colouring more of her work in the future.

Love Love LOVE the #series! yet another fabulous addition! her designs are always fun and relaxing to color and i cant wait to have the full collection! i HIGHLY recommend her beautiful art! you wont be disappointed. #food is full of enjoyment! shuld have colored another for this review to show more of her work! review by emma k

As a member of Cynthias Secret Group i recieve advanced pages of all her coloring books before release date to try out. I was honored enough to b given the chance to test drive Food for her and am i ever glad :) the illiatrations are beautiful and fun to color in as well. And i didnt even feel hungry afterwards either LOL i cant wait to see the next installment of the # series.
