# Texas Cowboy Cooking

## Synopsis

TEXAS COWBOY COOKING collects Tom Perini's all-time favorite recipes for mouth-watering Texan food and drinks. Perini also shares his award-winning tips preparing them, including his secrets to cooking the perfect steak - for selecting the cut, preparing it, knowing when to turn it, and when to call it done. Throughout, stunning photography, archival illustrations, and Perini's own dry, Texan wit bring to life the romance, adventure, character, and humor of life in cowboy country. \* Beautiful, artful photographs complemented by drawings of regional western art \* Written descriptions of historic Texas regions capture the romance of cowboy food and culture \* Showcases heritage food, with heirloom recipes and cowboy practicality complemented by modern kitchen shortcuts --This text refers to an out of print or unavailable edition of this title.

ISBN-13: 978-0971312203

Product Dimensions: 0.8 x 9.5 x 10 inches

Shipping Weight: 2.1 pounds

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (75 customer reviews)

Best Sellers Rank: #278,641 in Books (See Top 100 in Books) #43 in [Books > Cookbooks, Food & Wine > Regional & International > U.S. Regional > West](#)

## Customer Reviews

Texas Cowboy Cooking by Tom Perini arrived yesterday. It is a cookbook that makes you want to jump up and make the recipes as you are turning the pages of the book. We have already tried the Cowboy Bloody Mary, Lisa's Favorite Caesar Salad, the seasoned olive oil for the Sourdough Bread Chips to use as croutons for the salad and are in the process of making the Sourdough Starter for the Sourdough Bread. It's the best Caesar Dressing that we've tried and the croutons are very good. The historical information is good and has added color to this cookbook. It is not Texas boastful--simply well done. We plan on giving it as Christmas gifts to family members who have visited us here in Abilene, Texas.

By Bob Schieffer We're Texans and knew Texas Cowboy Cooking would be for us but we put it to

the ultimate test: we had a dinner party, made sure we invited no one from below the Mason-Dixon line and served only food described in this book. And the answer is..they licked their plates clean and would have eaten more if it had been there. I call that a real final answer. My wife Pat who is the chief cook and bottle washer at our Washington D.C. corral served up a tenderloin done up in the dry rub described in the book and surrounded it with hominy and green chilis, black eyed peas with okra after a gazpacho start. We finished off with the peach crisp. Comments ranged from Wow! to Hot Damn! (actually that last one came from me) and we're talking people who had never seen hominy. Most of all this is a book about cooking meat and Author Tom Perini may know more about it than anyone on earth. If you can find a fire and a good or even an average piece of meat he can show you how to make it taste better than anything you've ever put in your mouth. But like his combo of jalapenos and hominy, he'll also introduce you to some dishes you may never have heard of and every one is better than the next one. The bonus here is that you could throw all the recipes out and this would still be a great coffee table book filled with terrific pictures of Texas Ranch life. Buy this book. We can't all live on a ranch but we can sure eat like cowboys.

Since we frequent Perini's Steakhouse, we know Tom's award-winning cuisine first-hand! His cookbook is a "no-holds barred" approach... giving ALL of his famous recipes from his unbeatable steak rub to green chile hominy to his signature bread pudding with whiskey sauce! In addition to fabulous recipes, the book also showcases wonderful photography depicting life in West Texas. Sidelines feature insights into several famous Texas ranches. Your cookbook collection shouldn't be without this book! It is one you will be sure to use often!

Word has it that if he is elected president, George W. Bush will ask Tom Perini to be his White House chef. This book gives ample reason why George W. has such a high opinion of Tom's food. My family and I are frequent visitors to his steakhouse, and Tom seems to have included recipes for every one of his restaurant dishes. These are by far the best barbeque, steaks, and ribs that you will ever prepare, and the other recipes are yummy, too. This is a cookbook that I think you will use far more than whatever other cookbooks that are sitting on your kitchen shelf.

I got this book about a week before the 4th of July (a holiday that my family and I don't really celebrate). However I thought I would be adventurous and festive and wanted to attempt to make some traditional American food. Not knowing where to start, I bought a bunch of different American-style cookbooks, including "Texas Cowboy Cooking", which in the end blew all the other

cookbooks away. The recipes were easy to follow and well written. There were lots of pictures of the different dishes, as well as stories behind some of the dishes and how/where they originated. Contrary to what one might think, when imagining the combination of cowboys and cooking, this cookbook offers more than just the predictable, standard steak and ribs type of dishes. There are lots of different kinds of entrees, salads, desserts, cocktails, appetizers, etc. Each dish has its own distinctive flavor. I highly recommend this cookbook to anybody who enjoys cooking and eating.

My copy is gonna sit on the coffee table. This book is absolutely gorgeous. Lots of history and local color, lots of cowboy photographs and art. Fantastic food photographs. Tom's cooking has been a favorite of our family for years. Read the book, try the recipes and you'll love it too.

Texas Cowboy Cooking makes your stomach growl with anticipation! The recipes are easy to understand and end up exactly as described. An added bonus is the beautiful photography and brief histories of Texas ranches. One of the better cookbooks on the market today.

10 days ago my wife and I were in Abilene and our host, Aaron Waldrop, took us to eat at Tom Perini's Steakhouse. Since this isn't a restaurant review, I won't tell you about the food except the bread pudding. I don't like it very much so I decided to share some with my wife. Bad mistake. It's hard to describe in words. Aaron bought Tom's book for my wife. Five days ago, we had a BBQ on the opening day of dove season (Sept. 1). We used Tom's recipe for potato salad and his rubs for the ribs and brisket. We are still getting phone calls and emails about the food. One more thing: this is a great book to just sit down and read. As others have said, the photography is great and the stories are informative, humorous and historical. This is not just a cookbook. Man, I can't wait to get some more of that bread puddin'.
