## Customer Reviews

Great for a handy desk cheat sheet! Has many of those once in a while used items that you don't always remember. It is also a great tool when upgrading to the 2013 software as the layout has

changed slightly.

the cheat sheet really saved me time by pointing out the easy way to make the changes that I needed to get the project done

VERY GOOD 1 PAGE LAMETED ABOUT MICROSOFT PROJECT 2013 QUICK REFERENCE GUIDE..AND ALL OF THE 7 -1 PAGE LAMETED THAT TELLS ABOUT THE BOOKS ARE VERY GOOD.SAYS A LOT WITH JUST 1 PAGE..VERY GOOD..THANKS AGAIN RICK PASEK..

Not much value. The information provided on the sheet was not very helpful. It was inexpensive but not good value. I would not recommend it.

Shipped fast, excellent reference, very comprehensive approach for just a two page card. Keep it under your keyboard!

Best quick cheat sheet I've found so far - have standards uses highlighted so as to better reference what I needed

Great tool we use it all the time at work. I would recommend it to anyone who is starting to use Project.

The Quick Reference Guide is what I ordered and I got what I expected which is very helpful.
