Synopsis

Discover The Best Crock Pot Cooking Recipes This Crock Pot Recipe Guide includes the most delicious and healthy main dishes, side dishes, breakfasts, lunches, and even mouthwatering desert dishes. There are 100 recipes that you can put in your crock pot or slow cooker in the morning before work and come home and eat within minutes something delicious. Crock pot recipes are not only easy and quick, but they are extraordinarily tasty. The slow cooking process makes food moist and retains flavor better. If done correctly, everything you cook in a crock pot or slow cooker will be very good. In this book you will find all kinds of recipes including those that you can start in the morning or overnight and eat in about 8 hours. There are also recipes that only take a few hours to cook in a crock pot. Make main dishes like meatloaf, pot roast or lamb chops. Cook a whole chicken or opt for some elegant cranberry glazed chicken or Chinese Cashew Chicken. Pork roast, pork chops and maple glazed ham are a breeze in a slow cooker. Whip up some seafood including crab legs, tuna noodle casserole and a Louisiana seafood gumbo in a crock pot. This book has a plethora of soups and stew recipes including chicken noodle, beef stew, French onion soup and Irish stew that will keep your family coming back for more. Pasta can be made in slow cookers and you will find Alfredo and tomato recipes including lasagna and ravioli. If you aren't a meat eater, do not despair. There is a complete vegetarian section using beans, quinoa and couscous to make luscious main dishes that also serve as side dishes for those who do eat meat including Bolonaise of Cauliflower and Mushroom Stroganoff. The sauce and condiment chapter gives you spaghetti sauce and also how to make barbecue sauce and homemade ketchup. It also gives you recipes for homemade cranberry sauce and apple butter. One chapter details breakfast and lunch recipes and gives you great brunch ideas including Sausage and Eggs or Huevos Rancheros. The lunch section gives you fillings for sandwiches including Philly Cheese inspired sandwiches or ham sandwiches with pickle relish. Appetizers include all kinds of hot dips including hot onion dip and buffalo chicken dip, but it also goes into wings, candied kielbasa and marinated mushrooms. Did you know you could make deserts and sweets in a crock pot or slow cooker? You will have that ability to make cakes, cheesecake, apple crisp, nut clusters and more with the recipes in this book. Don't settle for a book with just a few recipes. This book has a full 100 recipes for use in a crock pot or slow cooker! Here Is A Preview Of What You'll Discover... Crockpot Recipes is a great collection of recipes for anyone that enjoys cooking. These crockpot slow cooker recipes are simple and waste no time telling you what you don't need to know. Quick food descriptions, a complete ingredients list, and step by step recipes keep it short and simple. This is invaluable for someone who wants to jump right in without worrying about having to go through unneeded information.

If you are a busy family, with both parents working, or even a single parent, then "Crockpot Recipes" is just for you. Before I was married, I was not very good in the kitchen. My mom never really taught us how to cook out of fear of us getting burned. Well, once I got married, I slowly but surely learned how to cook, and I think I became pretty good at it. Well, I would always use your standard cookware, such as pots, pans, and even microwaveable plates. I had never heard of a crock pot before, but I received two as wedding gifts. Well, from that point on, I was in love. I found many recipes that you can make in a crockpot, and it is so easy. Oh, a crockpot is great for stay-at-home moms with three kids, and a house to maintain. The reason it is called a crockpot is because the

actual pot "is made from heavy stoneware that resembles an old fashion crock used back in the pioneer days."The pot sits "in a metal out vessel and inside is a heating element that runs on electricity." The great part is that it does not get hot enough, and can be left alone all day without fear of fire. "The food cooks slowly for eight hours, so everything molds together nicely. You do not even need to stir the food. What's also great, is that you can dump all of your ingredients in the crockpot at once, and it will take over from there. "You can set it on low to cook the food for eight hours, or on high for four hours." Either way, the result is the same, for you food will be tender and moist.You can cook many dishes in the crockpot, including "soups and stews, pasta, breakfast, appetizers, and even desserts." i have two favorite dishes that I liked to cook, and they are beef stew and Italian Wedding Soup. Now, with the beef stew, I actually layer the ingredients by starting with the stew meat, then potatoes, then vegetables, and mushrooms.Of course, everyone has a different way of making stew by using different ingredients. You choose your way, and just like mine, that meat will be extremely tender. I use the same method with my soup. I use the little meatballs, then add pasta, spinach, and the broth. It is so tasty.These are just a few ideas on how to use a crockpot. If you have one, I suggest using it. Then purchase this book, and try out some of Ace's delicious recipes.

I am constantly cooking in my crock pot. I used to cook big meals for a big family and now my family is just two and that hasn't stopped me. There is nothing in this world better than cooking in a crock pot, in my opinion. When I'm all alone, I'll still be cooking in a crock pot! The best thing about this book is that there is such a great variety of foods to choose from! I recommend it highly for people who have big families or small ones. After a while, you learn how to cut ingredients down so that they fit with the amount of people you are feeding. And leftovers are awesome too! Get this book and start eating awesome delicious meals!!

Crockpot recipes is a wonderful book that has a lot of helpful information. There are so many advantages of using a crockpot over the modern ways of cooking. When using a crockpot,food cooks slowly and it melds together nicely. I now know why my grandma's food tastes so nice despite her ancient ways of cooking. I have gained a lot after reading this book and buying the crockpot,for instance,the crockpot has helped me save a lot and eat healthier foods as compared to before where I used to consume a lot of junk stuffs. There some great and delicious recipes contained in this books,I have tried some and still looking forward to the rest of recipes. My favorite was the corned beef,cabbage and potatoes which was also very easy to prepare especially after

following the direction in the book. My next one should be the slow cooker lamb chops. For those of us who love chicken and pork, there are some awesome recipes herein. Appetizers recipes are also included so we can add our appetite with the simple recipes an example been slow cooked wings and marinated mushrooms. Am never going to regret buying this awesome cooker and so I think everyone should have it. Go grab your copy of crockpot recipes and you will fall in love with the recipes. Thanks Ace!

This crockpot recipe book is wonderful! I love soups and this book has great directions for creating a variety of stews that go beyond my basic tendency to just toss whatever vegetables I have on hand into the slow cooker and come back a few hours later! I'm starting to explore the dessert recipes now. The descriptions are mouth-watering so I'm going to start working my way through them. I can tell already that I'll refer to this book for years to come.

As a grad student who also juggles several part-time jobs, I absolutely love my crockpot. Knowing that I will come home to a healthy, homemade meal after a long day is hard to beat! The hardest thing about using a crockpot is finding new recipes to try, which is why I was drawn to this book. I was not disappointed. This book has recipes for anything that you can possibly think of! I have only made a handful so far, but I'm excited to continue and discover all this book has to offer!

This book has some delicious sounding recipes, but for a busy working mother some of the recipes have a lot of ingredients that make it sound a bit difficult to put together. I do think that to make one or two of these recipes on the weekend would be incredible because by just reading the recipes made my mouth water.

For a few bucks you get 100 recipes. I think it is a great deal. I have bought my slow cooker for a while now and have been experimenting different recipes. Really like the recipes included in this book. I didn't know I could make desserts with a slow cooker! I think it's worth your investment.
