Customer Reviews

I bought this used via [Amazon](#) and it's in great shape and the recipes look tasty and reasonably easy to make. At least where I live, one should be able to buy the ingredients at the regular grocery store which is definitely a plus.

Nice cookbook I will start cooking after looking at all the delicious and healthy recipes.

awesome book, many recipes and they look like good ones though admitadly i haven't tried any yet. a nice mix of different kinds of foods. lots of all. i like the layout where it is divided into sections on steaming, stir frying, etc. it has a chart with a few veggies that it gives the stir fry time for. there's a little bit of theory, but mostly recipes. the recipe's for the most part look like they are medium difficulty.
