Language: English

ISBN-10: 0988567202

ISBN-13: 978-0988567207

Product Dimensions: 9.1 x 6.6 x 1.1 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 3.3 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #1,282,246 in Books (See Top 100 in Books) #131 in [Books > Cookbooks, Food & Wine > Regional & International > U.S. Regional > Northwest](#)

Customer Reviews

Not sure if there are missing instructions, but the interface to read this Kindle book does not work in a similar fashion to other books. Enlarging text to a readable size is not intuitively obvious. Why couldn't you use a standard interface? Yes it is beautiful -- but absolutely useless to me. Sorry I bought the Kindle version at this point. The content is well laid out -- except for the unreadable text. Very disappointed in the developers.

It is impossible to read on Kindle. Print too small to see and no font-size adjustment offered. Good for getting a headache from squinting. (The content is fabulous, however, though I only know that from recipes reprinted in the local newspaper.)

I helped fund this on Kickstarter because I liked the idea of having another cookbook on my phone for when I'm experimenting in the kitchen. So I got it for Android. Man, when you set up for one, they really do lock it on one. I can't access it on my computer at all, only my phone. Which wouldn't be a problem, except the text is ridiculously small and, unlike every other book I own on Kindle, it's impossible to increase font size, or zoom in on a selection with normal methods. If I rapidly tap my

finger against the screen, sometimes it will randomly show me a much more legible selection, but it has no way to move from that to the next smoothly. Perhaps if my phone worked with a stylus, or if I had smaller fingers, I could access those more smoothly. I can only assume that this was meant for people with much larger screens than mine. Which is frustrating as all get out, because I can't even download it onto my laptop or desktop. A total waste of money for me. That said, if I lean in real close with a magnifying glass, I can read some of the instructions. They look great, and there are helpful pictures put throughout. The book is put together very well, it's not one of those cookbooks with a bunch of text and nothing to look at.

I would have paid 2-3 times as much for this book to get a functional copy. Like other reviewers, I find the handling of the electronic file on the Kindle particularly terrible. And the fact that I can't access it through the Kindle Reader App on my Macbook is pretty annoying. I wish the authors would go back and re-format the ebook to make the experience more enjoyable and the book more useful. The content is great...it's just too bad it's masked by the poorly functioning electronic file.

Every review written so far complains about the electronic format and nobody mentions the recipes! I tried 3 recipes last night - Little Gem Lettuce with Green Goddess Dressing, Cherry Tomatoes, Avocado & Spot Prawns; Mustard Roasted Chicken with Drippings Potatoes, Sautéed Chard & Lemon; Rhubarb Hazelnut Crisp - and they were all lovely. I like Sundstrom's style, which I interpret as take the most beautiful seasonal ingredients that you can find and prepare them with minimal amount of fuss.

Great recipes and inspiring writing, but the lack of e-book sophistication really make this a drag to read.
