# Wedding Etiquette 101: The Essential Etiquette Guide To Wedding Planning, Budgeting, Invitation, Rehearsal, Ceremony, And More

## Synopsis

You're About To Learn The Secrets To Properly Adapt Etiquette Into Your Wedding, No Matter How Little Time You Have Had To Prepare! It doesn't matter if you've never experienced a wedding with etiquette. This guide will tell you everything you need to know, without spending too much brainpower. This book covers everything there is to know about wedding etiquettes. In fact, some people have called it the "Wedding Etiquette Manual." It's like having your very own etiquette expert that you can reference and ask questions anytime that you need to. You're going to discover so many things on how to adapt etiquette into your wedding with little effort. Not only will you learn all the different things you should include in the invitations, but you'll also learn extra bonus tips to actually teach people. Here's Just "Sneak-Peak" At What You'll Uncover With "Wedding Etiquette 101":

- How to properly determine who's doing what.
- Discover how to handle invitations and announcements.
- The wedding etiquette breakdown of who's who.
- Learn the several key elements to remember for the wedding shower.
- A step by step guideline of what normal wedding showers include.
- Discover the etiquette friendly ways of writing wedding invitations.
- Learn all the different things you should include in the invitations.
- Discover what else goes in the wedding invitations.
- When and when not to accept gifts during your shower.
- What types of gifts you should give to guests at your wedding.
- The gift do's and don'ts list to follow for your etiquette.
- Learn how to nicely return a wedding gift.
- Wedding etiquette tips guidelines for your etiquette.
- Find out who to tip, for which services & how much.
- Plus much MUCH More!

## Customer Reviews

Wedding Etiquette 101 helps you learn the proper etiquette for planning your wedding. It throws in some modern elements as well as your more traditional ones, which is not always the case with some wedding books and was refreshing to see. It explains the ins and outs of who should pay for what; how to properly use invitations, including how to word and address them, and giving recommendations of things to add to help people find the venue or information about the wedding; the proper way to go about asking for gifts, and how to fill out thank you notes for gifts; rehearsal and reception dinner etiquette; what the proper attire is for all sorts of wedding types; how to deal with religious differences between the bride and groom; and even the exit strategy for making your get-away at the end of the night. Wedding Etiquette 101 is very thorough and concise. It compacts a lot of information into a small book, giving you all the necessities without making you wade through a lot of unnecessary information. If you're looking for a quick, down and dirty guide to let you know the do's and don't's of wedding etiquette, this book is your guide.

With everything from how to handle the financial parts of your wedding to proper wording on invitations and even best practices for the reception music, this book will help reduce the stresses of planning the perfect wedding. Laid out in seven easy to read chapters this book provides you with the inside tips to make sure you get the very best out of wedding and avoid some of the pitfalls that ruin your perfect day. After reading this book you will know the proper way to word invitations to ensure none of your guests show up late, with uninvited guests or children or just get their feelings hurt by not being properly recognized. The last chapter even goes over the proper way to plan the send off and tips about your getaway car. This book is an excellent source of information to help you reduce your stress and minimize any unforeseen incidents while you plan your perfect wedding.

I really appreciated the no-nonsense approach this book takes towards planning a wedding. It addresses everything under the sun and always acknowledges what used to be "the thing" versus what is now more acceptable. Best of all, it always encourages you to stay within your own budget and do what is comfortable to you! So important today with all the over the top weddings going on. And as the title says, this is an etiquette book and not to be used as a checklist. Instead, it's a great resource to get you thinking about what you do and don't want going on at your own wedding.

This book is a great read regarding wedding etiquette, to avoid headaches when you are a bride, member of the wedding party, or even attending a wedding. There are tips on everything from the

invitations to seating arrangements and more. There is helpful information included on so many different topics regarding a wedding, that you are bound to find some tidbits that you didn't know you needed to know.

I got this book out of frustration with my upcoming niece's wedding plans. She has some great ideas but as she is very young there are a lot of the social niceties of which she isn't aware. I have to say that this book has saved both her and I a lot of frustration with the process and each other. In a well put together format this has been able to answer a lot of her questions and frees up more of her time to the 'fun' part of the planing (her word not mine). This also presents everything in one handy resource which she can take to her partners for the big day - like the printer, the florist, and all the rest. The book is a highly recommended time saver!

This book was very helpful in planning a wedding with "dos" and "don'ts" of wedding planning. It is easy for family member's advice (mother of the bride/groom) to get a little biased. I.E. "I don't think you HAVE to invite them". It was nice to get a third party opinion/view on the correct way of doing things. In addition, I had never heard of most of these rules so it was very informative for me and helped prevent me from stepping on quite a few people's toes.
