## Customer Reviews

This book has wonderful recipes for grilling, lots of different seasoning combinations and marinades which I love. If you're looking for grilling ideas for every night of the week, this is the book to have.

We also purchased a Cuisanart griddler through [Amazon](#), and love the griddler as well as this cookbook that has recipes specifically for indoor griddlers. So far, all the recipes that we've tried have been very good and easy to follow.

I would give this book five stars if there were more photos, but the content is fabulous. For the past two years, I'd drag out my Breville panini press to make sandwiches. This book opens up a whole new world. I never thought of my panini press as an indoor grill. Very excited to get started making some of these recipes

This book has lots of quick, easy recipes that are healthy and tasty. A great addition to the home cook's shelf. Highly recommended.

Love, Love, Love it. This book is easy and helpful. I would recommend it to anyone. It is also easy on the waistline.

This book has very creative recipes that you usually don't think of. When you think BBQ, steak, burgers or hotdogs always come to mind. This book opens up your mind to different ingredients and possibilities.

Used a recipe from this book for my Cuisinart Deluxe Electric Griddler and it turned out great. The recipes are tasty and easy to follow. They really are the best indoor grill recipes! Whether you have a George Forman Grill or a Cuisinart, or whatever, this is the one to have!

I purchased this book along with the Cuisinart GR-150 Griddler Deluxe, which by the way, I am very pleased with. Both were to be a gift for my wife. I had a preconceived notion that this would just be another one of those cookbooks that would have only a few good recipes. Each and every recipe that we tried was quick and awesome, especially those with the boneless chicken thighs which we have a preference for anyway. But the beef, veggie, Mexican and dessert recipes were also delightful surprises. All were very easy to prepare and most ingredients can be found in anyone's kitchen. Even I can follow these well illustrated and well structured instructions, definitely a 5 star purchase for me.
