Customer Reviews

This book is filled with recipes that are (in most cases) simple to make. Most of them are now on my "make this real soon" list. Compared to other low-carb cookbooks, this one tries for the "sweet spot" where LC, Paleo and Weston-Price intersect gluten-free. There are plenty of suggestions for substituting foods to make the recipe fit one's needs. The photos are excellent as well.

If you think that you can't (or don't want to) survive the holidays without going off plan, let me tell you that this cookbook will give you everything you need to stay satisfied and feel like you're splurging, even though you're not! Rest assured that these aren't the same old regurgitated recipes that you've seen floating around for years. I'm so impressed with the quality of this cookbook and love the Kindle version with full color photos for each recipe! Thank you Misty and Tracey for a

cookbook that I will reach for year-round.

This cookbook provides great incentive to stay low carb and gluten free throughout the holiday season and beyond! In addition to providing lots of recipes across several categories, the authors also discuss the benefits of a low-carb, gluten-free lifestyle and how to select the healthiest protein and fat sources. I love that only natural sweeteners are used in the scrumptious desserts, including the Pumpkin Cheesecake and Chocolate Raspberry Mousse (my personal favorite). All of the recipes have clear instructions so that each dish is easy to replicate at home.

This book is perfect for people who have struggled with balancing the desire to provide guests with scrumptious dishes and yet maintain the healthy goal of celebrating the holidays without added sugar or gluten free.
