Mr. Boston: Official Bartender's And Party Guide (Mr. Boston: Official Bartender's & Party Guide)

Synopsis

The up-to-date new edition of America's bestselling drink-mixing guide America's favorite drink-mixing guide since 1935, Mr. Boston: Official Bartender's and Party Guide has been the resource of choice for generations of professionals and amateurs alike. Now this classic is better than ever, with updated information, 100 contemporary new drink recipes, and all-new photography. More than 1,400 recipes range from classic cocktails to today's trendiest drinks, all presented alphabetically with clear, easy-to-follow instructions. With the latest lowdown on liquors, beers, and wines, plus savvy advice on equipment, bar setup, and more, Mr. Boston has it all. Mr. Boston, part of the Barton Brands group, has been a widely recognized name in the bartending world for more than 60 years. The Mr. Boston brand includes a range of liquors and prepared cocktails as well as this 66th printing of the Official Bartender's and Party Guide.

Customer Reviews

Mr. Bostons Official Bartenders Book, thats what you will find. From pubs in Scotland to hole in the wall bars in Hawaii, bartenders all over the world use this book. I find that no matter what, I always find this book usefull and it's always close at hand. The information is given in a style that a bartender understands. It does lack many of the "Trendy drinks" but those are hard to keep up with since you would have to publish a new version each month. But it does contain almost every tradional drink around and even some I havent heard of before!

Best bar guide I've read; concise, excellent variety. What I especially like is that the recipes are from scratch; no powder or liquid mixes. It does list liquor ingredients by Mr. Boston brands but one can easily substitute one's favorite liquors. Also gives good basics on barware, glasses, measurements and more.

Considered by many to be the bible of bartending, Mr. Boston has been a bestseller since 1935. Filled with information covering everything from how setup a homebar, flaming a drink, to party planning Mr. Boston is a must have for anyone interested in mixology. With over 1200 recipes Mr. Boston will give you plenty of recipes to choose from and experiment with.

It keeps getting better every time. newr recipes always show in the new editions. keep up the good work. Could use a way for us, the consumers, to help update the book.

Although this is considered by many to be the bible of bartending, I found that it is incomplete. There are many newer drinks that are not mentioned. Unfortunately, many of the guides that have a more complete drink list do not have as much peripheral information. This book is really good at helping a person set up their own home bar. It also has little fun facts about alcohol and toasts from around the world.

I bought this as a gift, for an aspiring home entertainer for parties. I used an earlier version years ago as a bartender & it is about the most complete guide to mixing drinks, be they the old favorites (even some that the younger generation has never even heard of), to the latest to be found, made authentically.

This is pretty standard bar fare and I surely wonder how that happened -- many of the recipes are not completely accurate. I've seen dozens of bar guides (out of print, wouldn't you know) that give a much better representation. Experienced bar men will scoff at the old boy, but for the beginner, this is definitely acceptable; You will be provided with the basics.

I have tried several guides over time and years ago settled on Mr. Boston's guide. It provides accurate ratios and, best of all, a picture of the recommended glassware for each drink. It is simple, easy to follow and provides information such as sections on Egnogs, Punches, the usage of Wine in Mixed Drinks and even Non-Alcoholic drinks. The book is broken down by type of alcohol (also

Shooters, Cordials, Frozen Drinks, etc.) and has a complete alphabetical index in the back. This means if you have a bottle of Tequila you have an entire section (45 mixes) from which to choose a drink. On the other hand, if your in-law wants to throw you a curve ball and asks for a Rum Runner you know you will find it on page 66. Color photographs scattered throughout complete this guide giving a visual for many different drinks and the glassware recommended. Also included is how to stock your bar, how to float liqueurs, the art of pouring, chilling and muddling and much more. I not only use this book in my own home but often include it as part of a housewarming gift basket. If only it was spiral bound it would be a five-star guide.
