## Customer Reviews

I just received this book, it seems it just came out of the press. I'm a beginner but this book makes it look easy, much better than the other books that give general guidelines and templates. I'll practice this summer for my daughter's birthday in August. I bought the tea party book too, I can't wait for the other books to be released!

I had promised to make a cake for my friend's daughter's princess party and came across this. Super cute selection of projects " from figures to go on top of the main cake, to sets of cupcake toppers . I'm planning on making a matching set so she has the cake and the cupcakes all matching. So many cute ideas! Love that it also has ballerina and fairy ideas too, so I'll use

this book again and again. Love it !

The print on many of the pages that are instructions is so light that it is just about impossible to read. Is this a bad print job? I contacted the publishers and they told me that printed the books for them!!

Poor quality pictures. Makes it hard to see details...This book was a digital print. They should redo with higher resolution pictures and not on a color printer. Aside from that, I liked the step by step instruction.

The print on all these books is in pastel colors. This is not cute nor helpful. What it is - is very difficult to downright impossible to read. I tried to figure out the instructions with the pictures. But, they are very small and of poor quality. Needless to say, the 2 books that I ordered were returned 2 days later. . .the delay on returning was because they came on a Saturday. In my opinion they did 2 things right. The cover pictures are adorable - (too bad we can't read the instructions) and they accept returns without any problems.

I couldn't find any inspiration for a ballerina cake from any of the big cake modelling books I have, so I love that this book is specifically themed for little girl's cakes , with lots of ballet themed ideas ( as well as princesses and fairies too). The large ballet shoes cake topper was actually much easier to make than it looks, great step by step photos to follow, and I loved making the tutu cute cupcakes to match. Great little book, recommended!

Love this book. Highly recommended.

Money well spent
