### Customer Reviews

I found the book utterly enjoyable just to read, and it gives me great hope for teaching my cat some tricks- I already have "High Five," and I can get him to touch the tip of a stick with his nose...It's fun.

bought as a X-mas gift for a friend, so didn't use it myself... But, I gave it a good look before I sent it out.. Which is why I had it sent to me first. I am a dog trainer so it was very important to make sure it was what it said it was.

We have some nutty cats who already fetch (Oriental Shorthairs and Russion Blues). Lots of great tricks here for cats who are so inclined. Note: May breeds are NOT "so inclined," so check your breed instead of faulting the book.

Gives an insight to cat behavior and makes training easier. Spot is taking to her training like her canine room mate Buddy. Actually knows more tricks then the Budster. Smartest cat around!

Great book. My cat loves the challenge and I love the results. She has a wonderful time and it gives me a chance for some good interactions with her. Many thanks to the author!!!
